About CFD

Organized and founded in 1816, the Canandaigua Fire Department is a combination department with 9 full-time, 5 part-time, and a handful of volunteer firefighters.

The CFD protects the City of Canandaigua and a portion of the Town of Canandaigua, and this fine department has long been recognized as one of the most efficient combination career and volunteer organizations in Upstate New York.

Despite having a handful of career full-time and part-time firefighters, the CFD still depends on having a full crew of Volunteers, who are a vital component to the department.

Mission

The Canandaigua Fire Department's mission is to protect life and property from fires, accidents, medical emergencies and environmental threats.
